## A note from Mrs Savory

There is a buzz of great learning going on this week and the year groups have all started on their new topics. In Year 6, I have seen some great Anderson Shelters being built as part of their learning about The Blitz and the Second World War. Year 5 have begun learning about the Anglo-Saxons; Year 4's topic is science based and they are learning about Sound. In Year 3 they have gone right back in time to the Stone Age! Year 4 also had their Forest School session yesterday and had great fun learning about Autumn and the changes this season brings. I heard there was also a discovery of a frog and a toad!

Accompanying this newsletter today is an important letter to all parents regarding wearing face masks—please do ensure you read this. On this note, I would like to thank you for supporting the government guidance regarding Covid symptoms, isolating and testing.

We are pleased that we have not had any positive cases of Covid in our school. However, if there were to be a positive test result, we would want to be able to seek advice from the Department for Education and communicate our plans to you as soon as possible. During school times we would ask you to inform the school by telephone once the result comes through. If this is out of school hours, including weekends and school holidays, please use the email link found in the 'report a positive Covid test' area that has been set up on our school website:

<https://www.chandagjuniorschool.org.uk/report-a-positive-covid-test>

This is monitored out of hours and will enable us to respond and communicate with you in a timely manner.

Earlier this week, you received further information in a letter from Public Health England, about whether your child may require a test and what the symptoms are. The intention of this letter is to help prevent children being taken out of school unnecessarily and answer some of the questions you may have about testing.

From Monday, we will have our new cones and signage out to signal the waiting areas for parents at collection times at the end of the school day. Thank you for adapting so quickly to this change we made this week.

Next week on Thursday 1st October there is a special themed menu being put on by the caterers of our school meal service. Please see the next page and order through the school if your child would like to have this that day for lunch.

Have a good weekend.

### Key Dates

01/10/20—Year 5 Forest School  
15/10/20—Year 6 Forest School  
23/10/20—Last Day of Term

We won't be seeing Tania Orgill as regularly at our school for Forest School this year. Yesterday we thanked Tania for all her support teaching these sessions at our school. She has established Debbie Rolfe as our new Forest School teacher for this year as Tania pursues new ventures in her Forest School teaching. We will be seeing her for Year 3's Stone Age Day experience later in the year.

The poster features a dark blue background with white bubbles and green seaweed. At the top left is the 'zest' logo with a citrus fruit graphic and the text 'FRESH HEALTHY TASTY'. The main title 'SEASIDE THEME DAY' is in large green letters. Below it is the date 'THURSDAY 1ST OCTOBER'. The menu items are listed in green and white text, separated by horizontal lines. Illustrations include a blue fish, a green turtle, an orange starfish, and a red crab.

**zest**

in a Crispy Batter

**SERVED WITH  
CHIPPED POTATOES**  
and Sweetcorn

---

**FRANCO'S ICE LOLLY**  
(GF) (DF) (V)

## Flow chart for managing COVID-19 symptoms at home

If your child shows any COVID-19 symptoms they cannot return to school without receiving a Negative test

If you are contacted by NHS Test & Trace (and your child was with you during the contact with the COVID-19 person) you and your child must self-isolate for 14 days even if either of you receive a negative test.

If your child was not with you when you had contact with the positive person, your child can attend school as long as you do not develop symptoms.
